# FOREWORD

As we look back on a year of resilience, collaboration, and meaningful change, it is with immense pride that we share FAME Foundation's 2024 Annual Report. This year, we continued our mission to uplift and empower young people, girls, and women, especially those from marginalized communities, through sport, mentorship, and advocacy.

Throughout the year, we launched and expanded impactful programs that reached new heights, touching lives in different and transformative ways. From our outreach efforts in grassroots communities to the launch of the Dance Club at the FCT School of the Deaf to different webinars, we have seen firsthand the power of bringing people together, regardless of background or circumstance.

Our partnerships were important in amplifying our impact this year. Working alongside esteemed organizations like Laureus Sport for Good, the French Embassy in Nigeria, Tackle Africa, and the US Mission in Nigeria, among others, we created opportunities for youth, girls, and women to shine. Through programs like the National Breakdance Championship Finale and the Generation Equality Football Tournament, we not only showcased the extraordinary talent of youth and women but also promoted unity, empowerment, and personal development.

A highlight of our year was our continued collaboration with Laureus Sport for Good. The project stands out as a milestone in our commitment to creating safe, inclusive spaces for youth, girls, and women. By equipping coaches and mentors with skills in child safeguarding and sports safety, we are ensuring that future generations can thrive in environments where their well-being is a priority.

At FAME Foundation, we believe in the power of sport to teach life skills, build resilience, and inspire leadership. Through our projects, we achieved this and reach even more people.

This year, we also deepened our advocacy for issues such as gender-based violence, menstrual health, and child rights, with a focus on internally displaced women and girls. Through education, resources, and support, we continue to empower young women to reclaim their dignity, challenge societal norms, and pursue their dreams.

As we reflect on these accomplishments, we remain deeply committed to the journey ahead. The work we've done this year is just the beginning, and we are more determined than ever to keep creating spaces for young people to thrive, grow, and lead.

# FROM THE DIRECTOR'S DESK

2024 has been a year of transformation for FAME Foundation. When I think back on the year, I don't just see the events we organized, the projects we launched, or the partnerships we forged, I see the lives we have touched, the hearts we've connected with, and the collective spirit that has brought us all together.

I see how our projects lit up the faces of the beneficiaries with possibility. Each of these moments tells me that the work we do is not just about running programs; it's about creating spaces where dreams are nurtured, and futures are reimaged.

Watching the beneficiaries express themselves is a reminder of the limitless potential within each of us, no matter the circumstances and challenges. These are the kinds of moments that fuel my belief in what FAME Foundation stands for and what we can accomplish together.

Working with incredible organizations like Laureus Sport for Good, the US Mission in Nigeria, and Tackle Africa, among others, we have been able to extend our reach and bring even more opportunities for youth, girls, and women, particularly through sport.

The grassroots advocacy, campaigns, webinars, and other projects we have done around gender base violence, menstrual health, disabilities rights, and child rights, especially for underprivileged girls and women, have reminded me why I began this journey. It's not just about giving; it's about empowering others to stand strong, to fight for their rights, and to rise above the hardship life may throw at them.

As I look ahead, I am filled with both pride and excitement for what's to come. This year has laid the foundation for even greater change, and I know that we are just getting started. I am more committed than ever to FAME Foundation's mission and to ensuring that the work we do continues to impact the world, creating lasting and meaningful change.

Thank you for being part of this incredible journey. The future is bright, and together, we will continue to create the kind of world we want to live in, one where every young person, girl, and woman is empowered to chase their dreams and make them a reality.
